### PROFESSIONAL SUMMARY

Aspiring architect and results-driven system designer with hands-on experience in system implementation, architectural design, and technical support. Proficient in software modeling, design research, and cross-functional collaboration. Passionate about delivering innovative solutions and achieving sustainable design goals.

### EXPERIENCE

Squas Pvt. Ltd. | Kerala, INDIA

#### System Designer | April/2024 – October/2025

- Provided technical support during the implementation phase, ensuring a smooth transition from development to production environments.
- Conducted rigorous testing to verify system functionality, ensuring maximum stability before deployment.
- Evaluated third-party tools for potential inclusion in system designs, selecting those that provided maximum value while minimizing costs.

Qatar Design Consortium | Doha, QATAR

#### Architecture Intern | January/2024 - May/2024

- Utilized Revit to prepare detailed design plans and 3D models, enhancing visualization and project accuracy.
- Gained proficiency in software tools including AutoCAD, Revit, SketchUp, Rhino, Photoshop, Illustrator, and Lumion.
- Supported senior architects with design research and analysis, accelerating decision-making by 10%.
- Optimized material selections within budget constraints while ensuring alignment with the overall design vision.

### SOFTWARE PROFICIENCY

**Modelling:** Revit (Advanced), AutoCAD (Advanced), Blender, Fusion 360, SketchUp, Rhino, 3ds Max

**Rendering & Visualization:** Lumion, Twinmotion, D5 Render, Enscape, Coohom.

**Graphic Design:** Adobe Photoshop, Adobe Illustrator, Adobe InDesign

**Web Development:** HTML, CSS, JavaScript, C#, GitHub, Visual Studio Code

### EDUCATION

University of Calicut | Kerala, INDIA - Bachelor of Architecture.

CBSE | Kerala – INDIA - High School.

### SKILLS

Communication Skills • Computer Literacy • Time Management • Bilingual Proficiency • Design Research

### LANGUAGES

English • Hindi • Malayalam • Tamil
