Professional Summary

Aspiring architect and results-driven system designer with hands-on experience in system implementation, architectural design, and technical support. Proficient in software modeling, design research, and cross-functional collaboration. Passionate about delivering innovative solutions and achieving sustainable design goals.

Experience

Squas Pvt. Ltd. | Kerala, INDIA

System Designer | August/2024 - Present

• Provided technical support during the implementation phase, ensuring a smooth transition from development to production environments.
• Conducted rigorous testing to verify system functionality, ensuring maximum stability before deployment.
• Evaluated third-party tools for potential inclusion in system designs, selecting those that provided maximum value while minimizing costs.

Qatar Design Consortium | Doha, Qatar

Architecture Intern | January/2024 - July/2024

• Utilized Revit to prepare detailed design plans and 3D models, enhancing visualization and project accuracy.
• Gained proficiency in software tools including AutoCAD, Revit, SketchUp, Rhino, Photoshop, Illustrator and Lumion.
• Supported senior architects with design research and analysis, accelerating decision-making by 10%.
• Optimized material selections within budget constraints while ensuring alignment with the overall design vision.

Software Proficiency

- **BIM/CAD:** Revit (Advanced), AutoCAD (Advanced), Blender, fusion, SketchUp, Rhino, 3ds Max
- **Rendering & Visualization:** Lumion, Twinmotion, D5 Render
- **Graphic Design:** Adobe Photoshop, Adobe Illustrator, Adobe InDesign
- **Web Development:** HTML, CSS, JavaScript, Visual Studio Code

Education

• University of Calicut | Kerala, INDIA - Bachelors of Architecture (Expected Graduation 07/2025)
• Bhavans | Kerala - High School (02/2020)

Skills

• Communication Skills • Computer Literacy • Time Management • Bilingual Proficiency • Design Research

Languages

- • English • Hindi • Malayalam • Tamil
